|---------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| What's Happening? | A fundraiser for the LifeNets Developing Nations Scholarship Fund. |
| Who will benefit? | We are raising money to help United Church of God Youth (and possibly others) in the developing world attend college so they might improve their lives and care for their families. |
| What will be done? | All proceeds will be donated to the scholarship fund - by working together we can provide OPPORTUNITY and HOPE that these young people would not otherwise have. |
| How will funds be raised? | Our teens will be constructing and painting bird houses. Each one will have a unique design, a true one-of-a-kind work of art, yet a totally functioning bird house for use in your yard! |
| The cost? | Only \$10.00 per bird house! What a deal for a true work of art! We've seen similar houses sell for \$15-30 each!!* The birds around your home will fight over the chance to take up residency in one of these fancy homes!! |
| Where can I get one? | On Wednesday evening when you pick up your campers/teens the bird houses will be on display and may be purchased at that time - 100% of the profit going to the scholarship fund. |

Buy a Bird house - help our Young Adults!
Checks may be made out to: "UCG-Akron"
write "LifeNets" in the memo line
